Just the Facts!

- There are no organized companies in the area that concentrate their efforts on training Christians with no start-up fees and instructor expenses less than \$1000. The average person thinks the stock market is *all* about investing funds for 20 -30 years until retirement
- They're uninformed or simply ignoring the possibility of trading with their funds and receiving **20% - 25% Return On Investment (ROI) within three (3) to 60 days of executing their trades through stock options contracts.** Furthermore, the average investor believes stock options contracts are *too risky* and complicated to manage in their portfolio
- But Stock option contracts have been around for more than **30 years** and many investors also believe options are too difficult to understand. While even many more investors have had bad experiences with options, because neither they nor their brokers were properly trained in how to use them
- The improper use of options, like that of any powerful tool, can lead to major problems and this is where ***our school fills the void of educating potential investors on this powerful investment tool***

- There are no existing competitors that offer intensive and in-depth training to Christians on stock options trading with discounted **tuition fees between \$500 - \$1000 per person**
- The tuition will cover the student expenses of books, study guides, website services, office rental and miscellaneous expenses. The course will consist of the following: Concentrated study and training on trading stock option contracts, financial management, and taxation policies, with *special emphasis* on trading stock options contracts
- **The course period is six (6) months (Tuition \$500 for Course #1) – one (1) year (Tuition \$1000 - for Course #2)**
- The *lowest* cost for teaching options contract strategies to individuals is \$3995 per student. This is the current cost according to Optionetics, which has the lowest cost compared to other online options contract education like Bettertrades, Option Animal, Optionvue and Online Trading Academy

About us!

- CHRISTIAN TRADES, INC. was founded in 2009 by Mark E. Baker and in January 2012 incorporated in the state of Virginia. In addition, we received our 501 (c) (3) Non-Profit status from the Internal Revenue Service on June 29, 2013
- We will be engaged in the following activities: Holding classes to teach Christians how to trade stock options contracts. In the class we cover trading stocks strategies and mythology, personal budgeting, and will teach one how to file one's taxes in relation to their stock activity
- A syllabus for the course will be provided to each student. Depending on how quickly or slowly the person wants to finish the course. We offer two (2) courses. **The first course will take up to six months and the second course up to one (1) year**

- The company began conducting classes at 302 LaSalle Avenue, Hampton, VA 23661, on October 4, 2013. The company now has seven (7) students enrolled into the trading course
- Currently the information we are instructing are: Stock Market Basics, Money Management strategies, Watchlist Management, Paper trading (*stock simulator trading*), Fundamental Analysis, Technical Analysis, and Economic events
- We are providing our students with solid foundational basics in trading stock option contracts and the same time instilling in them a trademark of discipline and ethics

CHRISTIAN TRADES TRADING POLICY

Any classes provided by Christians Trades, or educational content provided by Christians Trades are not a recommendation to buy or sell, but rather guidelines to interpreting and using the specific indicators, techniques and processes offered by the professor. No particular trading strategy, technique, method or approach discussed will guarantee profits, increased profits or the minimization of losses.
